

## **EMPLOYEE AGREEMENT FOR ACCEPTABLE USE OF THE CAYUGA ISD'S TECHNOLOGY RESOURCES**

You are being given access to the District-provided technology resources listed below. It is important that you read the applicable District policies, administrative regulations, and this agreement form. [See policies CQ and DH, and provisions on the use of electronic media in the employee handbook.]

Please contact Eric Grimes at 903-928-2102 ext. 039 if you have questions or need help understanding this material.

The following guidelines apply to all District networks, e-mail accounts, devices connected to the District's networks, and all District-owned devices used on or off school property, whether connected to the District's network or connected through a personal data plan or other means of access.

Additionally, the District prohibits harassment through electronic means regardless of the device used, the network used, or the location of use. [See District policies DH, DIA, and FFH.]

Inappropriate use of the District's technology resources may result in revocation or suspension of the privilege of using these resources, as well as other disciplinary or legal action, in accordance with applicable District policies, administrative regulations, and laws.

You are being given access to the following technology resources:

- A District e-mail account;
- A District e-mail account, including access to cloud-based (online) document storage and collaboration space (Google Apps for Education);
- District computer hardware, software, and printers on your school campus;
- District networks, including document storage space;
- Access to District-owned technology resources for use at home; and
- District-filtered Internet access.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across some material you might find objectionable. While the District will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for appropriate use.

If you are being issued a District-owned technology device that can be used off campus, you will be given additional materials addressing the proper use, care, and return of these devices.

### **Rules for Responsible Use**

- You will be assigned an individual account for access to approved District technology resources, and you are responsible for not sharing your password or other account information with others.
- District technology resources are primarily for instructional and educational purposes. Limited personal use is allowed only if the rules in this agreement are followed and the use does not interfere with your assigned duties.

- You must comply with the Public Information Act, the Family Educational Rights and Privacy Act (FERPA), and any other applicable law or policy regarding records retention and confidentiality of student and District records.
- You must maintain the confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law.
