

Dear Parents,

It has been brought to our attention that a student on our campus has been diagnosed as having COVID-19. Due to privacy requirements, we will not be releasing the name of the individual or details that may or may not identify him or her. As per our Safe Return to School plan, located at www.cayugaisd.com, we are notifying all parents with students on our campus to make them aware of the situation.

We are asking that you monitor your children for any Covid like symptoms listed below:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with chronic allergic or asthmatic cough, a change in their cough from baseline.);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you have any questions or concerns, please feel free to contact me at any time. I can be reached at kmills@cayugiasd.com or 903-928-2295 ext. #032.

Thank you,

Jenni Scheppler, Principal, Cayuga Middle School

Kristen Mills, Nurse, Cayuga ISD
